

In January Randall Henderson, publisher of the Calexico Chronicle and a lover of the desert country, sent me several fruits and a section of the leaf stem of a palm tree, he collected south of the Mexican border. He asked if I could help in the identification of this palm which I started at once to do but ran into difficulties immediately. A diligent search of the palm literature I possess revealed nothing of this palm and I began to appreciate the fact that a comprehensive survey of the palms of North America does not exist.

But interest in natural history is as much in not knowing the answers as knowing them. It is the unknown to be tracked down rather than the known that lends interest to the fascinating investigation of the desert flora. If one knew all the answers work would be frightfully dull. To help keep interest alive, a palm tree in a mountain canyon in Sonora presents itself for identification. The palm fruits and the leaf section started me on an extended search that is not ended or is likely to be for some time.

When it became apparent that my library contained no information of this particular palm I consulted Theodore Zschokke, Sr., who has had an extensive experience with the subtropical species. He was unable to give any definite information but made several helpful suggestions as to the genus of the palm. At the Citrus Experimental Station, Mr. Caryl referred me to Mr. J. Harrison Wright of Riverside as an authority on native palms. Mr. Wright has been interested in palms for years and now has more than fifty species growing in his private garden. He examined the fruit, seed, and leaf stem but did not know the identity of the palm. We consulted Bailey's "Hortus," a standard reference book that lists many native palms of North America but the characteristics of this palm did not fit any of the descriptions.

Professor Bailey is a world famous horticulturist and botanist. He is an elderly man and is at present rushing through his work upon the native palms before he becomes unable to continue the strenuous work of investigation in the field. Mr. Wright forwarded the fruit and leaf stem to Professor Bailey and word comes back that even Professor Bailey is puzzled as to the identity of the palm and writes that he wishes to visit the tree in Mexico to gain first hand information. He is now on his way to Old Mexico to carry on further studies in the Sonora district and plans to make a special trip to the mountain canyon from which the fruits and leaf stem were collected.

So there we are. The problem is sufficiently interesting to the leading American authority for him to take several days of his valuable time to look into the identity of the palm. Randall Henderson is the publisher of one of the best newspapers in the state; he also ambles about the desert, poking here, poking there, for much the same reason I suspect that a chicken crosses the road but now after this palm incident I must take an entirely different view of his desert activities. Anyway he said that he might send me plants to identify but I never expected he would send a problem such as this palm. I hope more like it turn up.

Mr. Wright gave me a palm seed to plant. This seed has an interesting and unusual history. Many years ago while California was still a new country a prospector, during a Mexican trip, collected some round marble-like seeds which he gave to a nurseryman in San Francisco. The nurseryman planted the seeds which germinated and grew into palm trees. No one seemed to know of their native habitat in Mexico and an extensive search has never revealed the location in Mexico where the seeds were collected by the prospector. He probably found them in some out of the way canyon that has escaped the notice of the botanists.

EATON SAYS G. O. P. WILL BE ELECTED

I believe the next president of the United States will be a Republican, and I am positive that New York will elect 90 Republican delegates in the November presidential election," said Melvin C. Eaton, chairman of the Republican state committee, this noon in a speech before the Banning Kiwanis Club. Mr. Eaton is vacationing at El Mirador, in Palm Springs, and his speech today was his only speaking engagement in California.

"The state of Maine will go Republican, and you know the saying, that as Maine goes, so goes the nation," he added.

Mr. Eaton said he even expects the Republicans to win in New York City, which is normally Democratic. The up state vote is usually Republican. He has talked with many prominent Democrats such as John J. Raskob, Owen Young, Al Smith and Bainbridge Colby, who predict a Roosevelt defeat.

"I base my conclusions on what I hear from the man on the street," he said. "I ride in taxicabs throughout New York, and I make it a point to talk with the taxi drivers and other common people everywhere I go. I find people everywhere dissatisfied with the present administration. The average man realizes that over-taxation is as bad for the government as it is for the individual. The people who are entitled to relief know that relief isn't going to those who need it most. Eighty-four bureaus in Washington, costing the taxpayers \$1,500,000 a day, are providing jobs for white-collar men while families throughout the country are not receiving the attention they are entitled to receive.

"The Roosevelt administration has plunged us into debt \$7,500,000,000 during the past two years. That means one million dollars per hour for each day, 10 hours a day, seven days a week, for two solid years. That means that our children and our children's children will have to pay and pay.

"A change has got to come about, and I believe the people know that."

Mr. Eaton cited Boulder dam power generation as an example of constant waste of public funds. He said it is admitted that the deficit on Boulder dam and power will be 7 cents per kilowatt for the first four years, for it will be sold at one cent, and that it is declared this power will cost four cents per kilowatt to produce after that time and still sell at one cent. The taxpayers will have to make up the difference, he said, and added, "No business man would conduct his business in that manner and expect to continue in business."

He said that the Townsend movement has reached its peak, and is now declining. When Dr. Townsend came to New York, Mecca Temple was (Continued on Back Page)

BIG TIME SUNDAY!

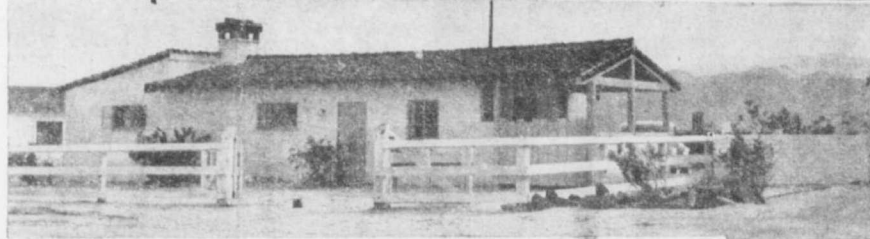

The Palm Springs Field Club will present a daredevil program at the new Field Club grounds Sunday afternoon. Details are not at hand at this writing for the reason that the Desert Sun failed to contact the field club's publicity representative. The daredevil will put on some hair-raising stunts in an automobile that will keep the spectators on the edge of their seats. The show put on at the Desert Circus assures the public that when the Field Club has a program it will be worth all it costs, and more. So come out folks... Sunday... afternoon, and see a real sensational show. The Desert Sun will guarantee that it will be a good show, and apologizes that we cannot give full particulars.

NEW HOMES OF LA RAMBLA TRACT

New homes in La Rambla district east of El Paseo shopping district. Twenty-eight houses have been built in this district during the past 24 months. This subdivision, which is out on the paved Tamarisk Road east of the El Paseo building, appeals to those who

enjoy the view of Southern California's two highest snow-capped mountain peaks, Mt. San Geronimo, "Old Grayback," 11,458 feet high, and Mt. San Jacinto, which rises 10,800 feet above the sea.

Munholland & Company are placing a new unit of La Rambla, 20 lots, on the market this week, five reservations for these lots having been made.

The upper picture (left to right) shows the homes of Ernst Off, local contractor, Mrs. Roemilo Hunt, and Robert Lerch, manager of Bullock's Desert Inn Shop.

The center photo is the home of Mrs. Gertrude Hudson who resides during the summer in Westwood Hills, Los Angeles.

The lower picture is that of the home of Charles Adams, of the El Paseo Pharmacy.

Meet His Majesty the Bighorn Near Palm Springs (If You Can)

Well, mates, here's his picture. It isn't a wire photo, as the metropolitan papers have it. Maybe it's a barbed wire photo.

Tourists in Palm Springs may think they are living in a man-made world; yet only a few miles from the village there are bighorn sheep. They are the last of the survivors. Through centuries they have defied the devices of extinction as practiced by man.

In this locality the bighorn range the rocky slopes of the San Jacintos. They climb to dizzy heights on the eastern slopes of the mountain overlooking Palm Springs. The California Fish and Game Commission has quite an accurate estimate of the number of mountain lion and deer in the San Jacintos, but the Commission has no check on the number of mountain sheep in this region. Because, you see, the bighorn is a crafty animal and refused to be checked on. Just so, he refuses to be checked out by way of the white man's rifle.

A dozen sheep may sometimes be seen, on a calm evening, on the ridges, leading down to the valley of La Quinta. If you have a quick eye you may get a fleeting glimpse of them; provided, however that the wind does not blow the presence of any human into their nostrils.

The mountain sheep is wise. It defies the craftiness of man and beast alike. It hides among the rocky crags, away up yonder in inaccessible canyons, by day, and goes browsing at dusk.

Its flesh is toothsome; some denizens of the desert of the earlier days say that its meat is better than venison, having the flavor of mutton.

Just a guess would say that there are 100 mountain sheep to the west, within a 20-mile radius, in the Palm Springs locality. You may get a glimpse of them some evening if you

are on the west brink of Coachella Valley at dusk. If you do, it will mean that you have shut your motor off. The purr of the motor is not music to the bighorn. You may think he doesn't know automobiles, but he does know, and realizes that motor cars are filled with dynamite for all sorts of wild life.

Some years ago, early one morning, a dozen mountain sheep were sighted by a traveler as the wary animals (Continued On Third Page)

COUNTY CHAMBER TO MEET TUESDAY, 24TH, AT THE DESERT INN

Two outstanding orators, both of them well posted on present conditions throughout the country, will be the speakers at the County Chamber of Commerce meeting at the Desert Inn next Tuesday noon. The public is invited to attend.

Dr. Frederick Woellner, of U.C.L.A., and Eugene Meyer of San Francisco will be the speakers. Mr. Meyer was head of the war finance corporation and is now publisher of the Washington Post. He will discuss the present financial situation.

A crowd of at least 200 is expected. Dinner will be served on the lawn of the Desert Inn.

Dr. A. L. Bramkamp and James L. Davis, president and secretary of the Riverside County Chamber of Commerce, have made the following announcement:

"Our March meeting will be held at the Desert Inn, Palm Springs, on Tuesday, March 24th. Luncheon will (Continued on Page 2)

We haven't heard of any thousand-dollar contributions for a new library, as suggested in this column last week, but some kind friend, unnamed, donated 132 valuable books. On behalf of the community, we thank him, or her. If a few more will do half that well, the library will be very much improved. However, we still think it was a good suggestion—twenty donations of a thousand dollars each.

Those of you who failed to attend the church dedication last Sunday, missed some very inspirational sermons and good music. Probably you thought the crowd would be so large there wouldn't be room for one or two more. Those who missed the opening day still have the opportunity to hear good sermons in the same church. The modest pastor, Dr. Charles D. Williamson, arranged an excellent program for both services last Sunday, but failed to include himself. We hesitate to criticize him for that, for it probably had not occurred to him that about 40 of his parishioners, who came here from other towns especially for this service, probably wanted to hear their former pastor. Palm Springs is fortunate in having Dr. Williamson. Not only in the pulpit, but on the lecture platform, he is recognized as an eloquent, sincere, dynamic orator. He is in great demand by the national parks service, service clubs and other organizations for his beautiful word pictures and inspiring addresses on the national parks and scenic beauties of America. Come out and hear him next Sunday. We all realize that the church is the greatest influence for good in the community. Then why not encourage the preacher and his congregation with a little personal support?

Great Britain proposes to spend a billion five hundred million dollars to increase the nation's fighting forces, which is good news for America. We wish America would do likewise. With the two great English-speaking nations the most powerful in the world, and both striving to maintain peace, we should have greater assurance of security.

The British government has come to the conclusion that there will be a general European war within four years, and is preparing to protect its own country and its colonies. Four years is not a long time (heaven forbid that war does not come sooner) but in that period Great Britain should be in position to say to the nations on the continent: "You fellows better arbitrate your disputes, because if you go to war, we will throw in against the aggressor." The inherent fear that the French and Germans have of each other, is bound to result in conflict, unless both sides are held in check by a still greater fear—fear of a stronger force than the enemy across the border, viz: Great Britain.

Maybe we should be thankful that the countries of Europe have defaulted on their war debts. When it was suggested in the Senate this week to reopen negotiations with foreign nations for payment of the thirteen billion dollar war debt, Senator Vandenberg said: "Let them stand in default until paid... But in the meantime, let them stand—as a warning against further American gullibility and as a further convincing justification of our new neutrality formula which will save us from again financing the wars of others."

One war brings on another. The day may come when we will regret the war with Spain that gave us the Philippines, for our guardianship over the islands may cause us trouble to keep Japan out.

We make so much fuss over our foreign trade, especially our trade with the Orient, which some of our enthusiastic exporters say we must guard if we have to go to war to do so. It is the trade with China that Japan threatens to take away from America, which stirs their patriotic fervor, yet our exports to China last year were valued at only \$38,156, (Continued On Last Page)

LARGE CROWD AT CHURCH DEDICATION

The new Community church was filled to capacity Sunday afternoon for the dedication services, 375 people being in the congregation, as well as 48 in the choir chancel and six officiating clergymen. Dr. Charles D. Williamson had arranged a most interesting and inspirational program, the details of which were given in the last issue of The Desert Sun.

At 11 o'clock in the morning 282 people were present for the laying of the corner stone. The Rev. R. C. Stone of Upland delivered a most inspiring sermon for the occasion, and a double quartet provided the music.

Dr. J. L. McQuarrie of Magnolia Presbyterian church of Riverside, who was present at the organization of the local church on March 27, 1917, gave an interesting and informational talk on the history of the local church.

Dr. Williamson and members of the congregation have expressed themselves as being especially indebted to Miss Kasaska, local music instructor, who had an important part in the musical program.

Dr. Clarence McCartney, pastor of the First Presbyterian church of Pittsburgh (Pa.), delivered the dedicatory sermon, excerpts from which follow:

"The Three Greatest Things in the Christian Faith, solitary and incomparable in their grandeur and beauty, are, The Christian Way of Life, The Christian Remedy for Sin, and the Christian Hope for the Future."

So declared Dr. Clarence Edward McCartney, pastor of the First Presbyterian church of Pittsburgh, Pennsylvania, and former moderator of the Presbyterian church in America, in his sermon Sunday afternoon at the dedication of the new Community church.

"Man," said Dr. McCartney, "builds airships that conquer the Pacific ocean, vast dams that divert rivers from the course they have followed for ages, telescopes that invade the suburbs of the remotest worlds, commercial towers of Babel that reach to (Continued On Second Page)

heaven; but he still builds and dedicates to God man's first and oldest structure, an altar, a church. Man still builds churches, for the church is the visible and external symbol of man's invisible and spiritual faith in God, the soul, and the life which comes after these years of struggle and hope, of sorrow and disappointment, in this present world.

The Christian Way of Life

The earliest, and in some respects the greatest, name for the Christian church was, "The Way," "This Way," "The men of the Way." Then still young in the world, the church made it clear to the world that it invited, and commanded men to walk a new Way. That Way is summed up in Jesus Christ and His precepts. In the ages' discovery has been made, invention after invention, philosopher after philosopher has appeared; but yet, when it comes to a plan of life for man in this world, no one has been able to improve upon, or find a substitute for the simple and yet majestic teachings of Jesus Christ. Jesus was no sociological expert, nor an economic planner. No university has decorated Him with a doctorate; yet the Parable of the Good Samaritan remains the latest and purest wisdom on the subject of how man should live with man. He said, "Blessed are the pure in heart, for they shall see God." For the present day society is drenched in licentiousness and impurity. Can any of our vaunted teachers of today speak so true or timely a word? Jesus said, "It is more blessed to give than to receive." He proved it, too, when He gave His life for sinners on the Cross. Yes; still His blessed Way is the only true Way for man to take.

Christianity's Remedy for Sin

Christ's remedy for sin is the grandest thing, the most peculiar, the most distinctive thing in the Christian Faith. It is a truth which is ignored, neglected, or denied by the popular, man made, pseudo-Christianity which has invaded the churches today. But it is the greatest thing in Christianity, because it deals with man's deepest need, and sorest hurt, the source of all his woes and sorrows—sin. Sin is the one great calamity. It is as universal as human nature, as eternal as human history.

The Christian remedy for sin is not advice, argument, appeal, example, education, but pardon through faith in Jesus Christ and Him crucified. God was in Christ reconciling the world to Himself. He as wounded for our transgressions and bruised for our iniquities. The Eternal Fact of Christianity is the Eternal Act of God's justice and mercy in the death of Christ on the Cross. This is the Fact, and This the Act, which has built the churches, written the hymns, sent out the missionaries, aroused wonder on the part of the angels, and filled heaven with the songs of the Redeemed.

The Christian Hope for the Future
When we speak of Hope, we think of hope for the world, and hope for the individual. What about hope for the world? Not long ago the hope was being fondly entertained that mankind taught by the awful experience of the World War, chastened by sorrow, and washed by tears, was now advancing along a new path of justice and good will. Vain and sad delusion! Instead of that, what do we see? We see the nations preparing to plunge again rapidly down the bottomless abyss of war. We see the same old frantic realignments, and seeking after unnatural alliances, the nameless dread and foreboding of woe among the peoples.

If the coming of the blessed age depends upon natural progress, education, the slow evolution of society, then all we can expect is the eternal recurrence of what now is. But the Christian Hope for the world is based not upon man, nor man's efforts, but upon God; upon the coming of Christ; upon the establishment of His Eternal

Kingdom of righteousness and peace.

Hope for the Individual

On my way to California last week, a friend sitting at my side in the Pullman car, and pointing to a cemetery we were passing, said, "No climate yet discovered where that is not a necessity!" Truly spoken! The fairest day sinks into the shadows of night. The dearest personal association is broken at last; the most silvery voice is quenched in the smoke of death.

What then? What next? Only Christ has the answer. In Christian faith alone there is Hope, and a hope that makes not ashamed. In vain, cruel, vanishing mocking dying hope, but a Living Hope; a Hope founded upon Jesus Christ, the First and the Last, Who as dead, and is alive forevermore.

These are the grand truths of the Everlasting Gospel to the proclamation of which this church is now dedicated. Within these walls may souls find the Way of Life and know the peace of God that passeth understanding.

DEDICATION

(Written for the dedication of the Community church by Robert L. Edwards at the request of Dr. C. D. Williamson.)

A new church is builded,
Where all men may come,
To find in its shelter
A spiritual home,

A shrine of rare beauty,
Where love rules supreme,
A glad consummation
Of its worshipers' dream,

Well guarded by mountains
In a landscape so fair,
Ah, no church ever stood
In a setting more rare!

Here it stands in the desert,
And the desert was dear
To our Saviour, whose gospel
Will long be preached here.

And this shrine in the desert,
In this wonderful state,
To the service of God
We now dedicate.

Long may it serve Him
And inspire all who hear
With faith in His goodness
And worship sincere.

For country and home
And humanity's good
This church will stand faithful,
As it ever has stood.

And in its long future
We trust that it may
Deserve His rich blessings,
For which we all pray.

THE OPEN FORUM

Mr. Carl Barkow,
Editor, The Desert Sun.

Dear Sir:

Is this old world going haywire?
Is it possible in this enlightened age that all disputes between nations cannot be settled without war?

Cannot reason prevail in this world and cannot nations settle their differences by arbitration?

The nations of Europe act like a lot of hot-headed school children. Can you imagine the different states of America fighting each other instead of getting along in harmony and peace? Many of these states are larger in area than many European nations.

Then why is not the solution for Europe the formation of a United States of Europe, whereby they could reduce their military armament at least sixty percent?

They could adopt the same kind of government as America—by electing a president to rule over all states, and each of the present rulers could act as governor of his respective states.

This should reduce the cost of governing each state at least 80 per cent, and lift a burden of taxation which today is peonizing the common people of each nation.

The new United States of Europe would put all people on a much higher plane of living, raise their wage scales, increase their purchasing power, and thereby boost all business in Europe. The United States of Europe would never need fear attack from America.

What Europe should dread most of all is the spread of Communism from Russia, which, if it ever happens, will mean the end of civilization.

France's recent action of forming a military alliance with Soviet Russia is the worst move ever made affecting the welfare of Western Europe.

Germany, with all her faults, is today the watch dog of Europe to hold back Russian Communism from spreading over Europe and ruining it, just as Japan is the buffer nation to keep back Communism from polluting the Orient and America.

Communism seems to be the beginning of the decadence of the civilized world. If unchecked it will break down and destroy all law and order. It would desecrate all religion and all high and lofty ideals in life; it would destroy all family ties and debase the sanction of womanhood. In fact it must be classed as a sort of Armageddon.

don mentioned in the Bible. It would reduce the human race to servitude—slaves driven by overbearing slave drivers.

What the world needs is more religion; and must not be deprived of it, as Communistic rule demands—for history shows no nation or government can long exist when it is denied religion—for religion is the uplifting influence that makes better citizens.

Another disturbing factor in society is Socialism. It seeks to destroy the capitalistic rule and offers nothing in its stead but hot air and unworkable substitutes.

It is the fault of capitalists for trying to run the politics of a country to further their selfish interests, to the detriment of the common people. That is what breeds Socialism, Communism and other crack-brainisms.

There is only one way to cure all foolishness—and that is to legislate fairly and liberally for all people alike—just as President Roosevelt is now doing—and as Teddy Roosevelt and Abraham Lincoln did in the past.

descended over a ridge east of Snow Creek. Led by a defiant buck, the sheep, big and little, were silhouetted against the blush of a new-born day. Their quick ears heard the rattle of wagon wheels; the leader gave the danger signal and the bighorn disappeared.

Bighorns climb and descend precipitous slopes. They cannot be civilized, some say. And still, that theory is discounted. The other day the rising waters of Lake Mead, above Boulder Dam, trapped a majestic bighorn at his home—a barren hill now surrounded by the waters of the Colorado river filling the lake. For a few weeks this mountain sheep ruled an island in the middle of Boulder (Mead) lake. And then Las Vegas business men on a pleasure cruise on the lake discovered him surveying his kingdom—all alone. And mighty hungry, as they later found out! Now his majesty has a small principality. The business men of Las Vegas purchased a dozen domesticated ewes and placed them on the island. They plan to raise cross-bred animals. Regularly food is taken to the island.

Coming back in this pen picture to our own locality—there are bighorns in the Chocolate mountains north of Indio. At Stubbe Springs, southeast of Bill Keys, there is a waterhole that can be reached by easy descent, and the return trip is one that will tax the strength of all but the strong. Around the waterhole one may see the tracks of the bighorn that had come on the previous night to drink of the waters of the living spring.

A word of caution here: the bighorn is protected by law. A fine of \$500 or imprisonment hangs over the head of any person who kills one of them. Our vanishing wild life is a matter close to the hearts of all Californians. Juries would never be lenient with a bighorn slayer.

Anyone convicted of having killed a mountain sheep might feel a little sheepish.

In an early day, when prospectors cooked bighorn flesh, one man would say to the other at meal time: "Pass the buck."

OPPOSITE DESERT INN

DESERT SUN BEAMS

Mrs. Thomas A. O'Donnell entertained with the outstanding luncheon of the season held out-of-doors under the Wistaria vines at the base of San Jacinto mountain on the Desert Golf Course on Wednesday. The food for the luncheon was prepared in the Desert Inn kitchens.

Mr. and Mrs. Edward Pilkington and Mr. and Mrs. Ralph Hammeras of the M.G.M. studios in Hollywood were recent guests here at the charming home of Mr. and Mrs. Paul Grimm. Mr. Pilkington is a sound department official and Mr. Hammeras an executive at the studios.

Mr. and Mrs. "Skeets" Gallagher of Hollywood will be week-end guests at the lovely home of Mr. and Mrs. Al Wertheimer.

Dr. and Mrs. MacMillan Toch of New York City, who have been visitors in the village for the past several weeks at the El Encanto apartments, concluded their stay here last week-end. Dr. Toch, president of an eastern concern bearing his name is a connoisseur of fine paintings.

Jeck Depuy is now head chef at "The Barn." He was formerly connected with the Dudes club here last season in a similar capacity. Zucca's has replaced the Dudes club. Mr. Depuy returned to the village after a stay of several months in Los Angeles.

Mr. and Mrs. L. M. Flesch of Piqua, Ohio, were recent guests at El Mirador. Mr. Flesch is president of the Citizens National Trust Co. of Piqua, and chairman of the board of directors of B.V.D. Co., makers of the BVD bathing suits; chairman of the board of directors of Atlas Underwear Co. He also has financial interests in several other large manufacturing companies. They came here in December, but left the first part of January for a few weeks' cruise on the "Chirique" of the White fleet of the United Fruit line. They stopped off at Acapulco, then went to Manzanillo, where they spent three days, and from there went to Mexico City. There they also visited the famous pyramids, which they thought were much more interesting than the pyramids of Egypt, having visited the latter on one of their many trips abroad. They left this morning for Los Angeles to meet their son, who is president of B.V.D. Co., and together they will go to Catalina.

Mr. and Mrs. Harry Waggoner will entertain a group of friends at a steak bake to be held Sunday afternoon on the sands near Palm Springs.

Mr. and Mrs. Fred Mandel of Chicago were honored at a party given recently at the Palm Springs home of Mr. and Mrs. Edgar Rice Burroughs. Mr. and Mrs. Mandel recently left the village for their home, following a lengthy stay here.

Mr. and Mrs. Alfred Bragg of Pasadena, who have a cabana at the El Mirador pool, returned to Palm Springs to spend some additional time before leaving for home. Mr. Bragg is a sportsman of note and is particularly interested in the Santa Anita racing plant.

Charles Butterworth, actor and resident of Palm Springs, recently started work on a new picture for 20th Century Fox productions entitled "Half Angel." Co-starring with him is Miss Frances Dee, lovely lady of the silver screen.

A number of Palm Springs winter residents left for their homes in the east on board the S. S. Virginia, Panama Pacific liner which left Los Angeles March 15. Among those aboard were Mr. and Mrs. L. E. Block and daughter, Miss Babette Block, who had been guests at El Mirador. Block is head of the Inland Steel Company of Chicago. They live there. Francis T. Maxwell of Rockville, Conn., retired manufacturer, who recently also visited Honolulu and while here was at the Desert Inn, and Mrs. E. D. Kohn of New York City, also were passengers.

Irwin Meyer of Los Angeles, one of the owners of the Knobby Knit Shop, was a Palm Springs visitor this week. Karl Kellogg, formerly in the real estate business in the village, visited friends here last week. Karl is now with a large advertising agency in Los Angeles.

Mrs. Emmanuel Rosenberg of Seattle, Wash., was honored at a lovely birthday luncheon party given in the Azure room of the Hotel Del Tahquitz this week. The party was given by Mr. Rosenberg for his wife. Guests were Mr. and Mrs. Max Leo and daughter Ruth, of New York; Mr. and Mrs. Stern and daughter, Mary Louise, of Seattle; Mrs. Cliff Winkler, Seattle; Mr. and Mrs. Maurice Gerber, Seattle; Mrs. I. A. Lurie, Seattle; Mrs. Arthur Kahn, Chicago; Mrs. Harold Weil, San Francisco; Mrs. Charles Settle, Los Angeles; Mr. Grover Goodman, Chicago, Mr. William Stern, Los Angeles, and Mr. and Mrs. Rosenberg.

3,700 PEOPLE HAVE INSPECTED MODERN HOME

Thirty-seven hundred people have inspected the now famous Bullocks Demonstration Desert Home since it was opened to the public a few weeks ago. They included Palm Springs vacationers from Maine to California, and from Canada to Mexico.

Included among the visitors were an unusually large number from the New England States, most of whom stated they had been in the habit of going to Florida each winter, but had now definitely made up their minds to make Palm Springs their regular winter vacation spot.

All were delighted with the desert home, and especially with the air-cooling system, which will enable the occupants of the home to remain longer in early summer, in perfect comfort, and also to come here earlier in the fall while the weather is still warmer than some folks like.

Las Palmas Estates also appeals because of its scenic location, perpetual free water rights, large estates, and a view unobstructed by poles, for all utilities are underground.

Archie Palmer, local realtor left for Los Angeles and San Diego today on a business trip. He will return Sunday.

FASHION SHOW AT DESERT INN NEXT THURSDAY

Latest Palm Springs styles will be modeled by beautiful mannequins at the fashion revue luncheon to be held at the Desert Inn next Thursday, March 26 in the De Anza dining room and terrace luncheon patio.

Many residents are planning to entertain or participate in Dutch treat parties at the style luncheon at which the latest Palm Springs fashions from Bullock's Desert Inn shop will be displayed. Reservations for the event should be made as early as possible.

Mrs. A. R. Hoffman, mother of Mrs. Rufus Chapman, prominent matron of the younger set in Palm Springs, who has been visiting here for several weeks, returned to her home in Cincinnati, Ohio.

FAMED CONDUCTOR AGAIN PAYS VISIT TO VILLAGE

Dr. Alfred Hertz of San Francisco, conductor of the famous San Francisco Symphony orchestra, is now visiting in Palm Springs with Mrs. Hertz. They are staying at Hotel El Mirador.

Dr. Hertz finds that the public is becoming increasingly interested in fine music, a return to the classics, so to speak. Dr. Hertz is an authority on Wagner and Wagnerian music. He is a strong supporter of the increased civic and national interest in music which has resulted in San Francisco, Texas and other places using tax money to maintain fine musical organizations for the benefit of the general public.

Miss Frances Lane was honored at a lovely birthday dinner given for her at the Village Tavern last Sunday evening. Among Miss Lane's friends who were present at the festive occasion were: Katherine and Marlowe Eddy, Virginia Swegles, Emma Mae Herberger, Cecil Jones, Lynn Jones and Ernie Fors.

The New Investment

Men of peace and progress high in the Nation's Congress, of both parties, created the National Housing Act. This law represents the most permanently constructive action taken by the Congress during this Administration. The admiration of all peoples has been gained for the progressive practices of this Act which aid the three great forces (1) *Our Homes* (2) *Our Progress* (3) *Our Country*.

The National Housing Act created The Federal Housing Administration (F.H.A.), an agency of the United States Government and through it a new type of mortgage—a twenty year—single—insured—mortgage.

THE NEW INVESTMENT, made by the *First Home Plan*, and represented by Certificates of Deposit, is the result of many months of work. The *Plan* permits the public to invest in the benefits of a security the direct ownership of which has been wisely restricted to qualified institutions. Certificates of Deposit issued by *City Bank Farmers Trust Company, N. Y.*, are for single mortgages insured under the National Housing Act. Each Certificate of Deposit issued by *City Bank Farmers Trust Company* will be for a complete single mortgage after there has been deposited with it such F.H.A. insured mortgage. Each certificate pertains to an entire first mortgage on a definite property and is not a participation in a part thereof. Each certificate, for each mortgage, covers an entire property.

THE AVERAGE PRINCIPAL AMOUNT OF ALL F.H.A. insured mortgages now outstanding is approximately \$4,500. The Certificates of Deposit will range from about \$3,000. to \$16,000. each. No single mortgage or certificate may be for more than \$16,000. *There is no limit to the number of Certificates of Deposit that may be held by one investor.*

RETURN ON THE CERTIFICATES OF DEPOSIT represents in part a return of principal by amortization payments and in part interest on the unpaid principal at the rate of 5% per annum less servicing fees of 1/2 of 1% per annum on the unpaid principal. The Certificates will be priced at a premium. The investment is made available with the highest income yield consistent with services rendered by *First Home Plan Income Corporation, City Bank Farmers Trust Company* and investment distributors.

• THE NATIONAL HOUSING ACT PROVIDES that if the mortgage is foreclosed and satisfactory title to the property turned over to the F.H.A. 3% debentures, fully guaranteed principal and interest by the United States, will be issued to the owner of the mortgage equal in face amount to the then value of the mortgage. *Such Government guarantee applies only in the case of mortgages insured prior to July 1, 1937.*

THE CERTIFICATE OWNER has a full beneficial interest in the important feature of the mortgage which is insurance by the F.H.A.

THE FIRST HOME PLAN CERTIFICATES OF DEPOSIT issued against F.H.A. single insured mortgages will not only be a comforting investment at a good yield but also may well appreciate in market price, particularly after July 1, 1937, after which date the law provides that new mortgages will not have the benefit of the full Government guarantee of the F.H.A. debentures.

The old time mortgage, mortgage participation, and mortgage debenture has been superseded.

The good income from the *New Investment* will be available through investment distributors in the forty-eight States, Hawaii and Porto Rico within twenty days.

A booklet describing the investment in greater detail may be obtained from banks and dealers everywhere.

SPECIAL SERVICES AT THE COMMUNITY CHURCH

It is the desire of the pastor, Dr. C. D. Williamson, that the Community Presbyterian church should not only be known as a community church but that it should function as a community church.

At the invitation of Dr. Williamson, the Rev. C. F. Chapman, rector of St. Simons Episcopal church, San Fernando, will conduct an early morning communion service at 8 o'clock Sunday. Rev. Chapman will be assisted by the Rev. Dunham Taylor, rector of St. Stephen's Episcopal church of Beaumont. Rev. Chapman is the brother-in-law of Hobart Garlick, owner of Hotel The Oasis. To this service all Christians of whatever name or creed are invited. The beautiful altar cross will be consecrated at this service.

At 11 o'clock the regular Sunday morning service will be held. The Rev. Mr. Chapman will preach the sermon.

The Reed-Taylor Male Quartette of Beaumont will sing at this service and Mrs. Homer Nelson will be the soloist.

The Sabbath school will convene in the chapel at 9:45 a. m. and the Tuxis group will meet at 7 p. m.

Sunday, March 23rd will be the 20th anniversary of the organization of the church and will be celebrated with appropriate services.

ALLEINE'S LIBRARY RECEIVES GIFT OF 132 VOLUMES

An anonymous and generous friend has donated 132 volumes to the little library, whose unpretentious building is now, by sufferance, located at the southwest corner of the grammar school grounds.

Eighty-six of these are non-fiction, comprising such standard works as Carlyle (complete), Gibbons' "Decline and Fall of the Roman Empire," Stevenson's Essays and that very interesting impersonal autobiography, "The Education of Henry Adams."

Among the 46 fiction volumes are the novels of Jane Austen and Victor Hugo and Barrie's appealing "A Window in Thrums" and "Auld Licht Idylls."

PALM SPRINGS Eight Years Ago

From the Files of The Desert Sun
March 16, 1928)

Ten thousand people visited Palm Canyon last Sunday, the largest crowd that has ever visited the canyon in one day.

Eddie Cantor, Poli Negri, Prince Serge Mdivani (who was killed in Florida last Sunday); Lois Wilson, Jack Pickford (who died recently in France); Renee Adoree (who also died recently); Richard Barthelemess, were guests at El Mirador over the week-end.

Jack MacKenzie, chauffeur for Irving Berlin, became a full-fledged aviator after six hours and ten minutes of instruction at the Palm Springs Airport.

Los Angeles capitalists, who have been looking over Palm Springs with the intention of selecting a site for a new moderate-priced hotel, were in the village again last week-end.

Tahquitz Park, adjoining the present development near the new McManus home, will soon be platted and placed on the market.

Lieutenants Tomlinson, Hickey and Davis, only survivors of the famous "Fighting Six," pursuit squadron in France, were entertained at the Desert Inn by Mrs. Nellie N. Coffman. Lieutenant Davis was navigator for Art Goebel and accompanied him on his flight across the Pacific to Hawaii.

An election will be held in April to elect police commissioners. John Holdich, Walter Bunker and George Roberson are now serving by appointment.

The editor of The Desert Sun was the guest of Ralph C. Diggin, traffic manager of Maddux Air Lines and Eddie Bellandie, world famous air pilot, in a giant Ford all-metal, three-motored fourteen-passenger parlor monoplane. Mr. Bellandie is the originator of sky writing. The flight was over the local desert and mountains. Count Keyserling, whose writings and philosophy have made him a figure of international fame, left for Chicago today on his return trip to Germany.

Palm Springs people were the first to hear Irving Berlin's latest song, "I Can't Do Without You." Mr. Berlin wrote this song and "Sunshine," while he was a guest at the Desert Inn. Harvey Johnson of The Desert Sun was in San Francisco last week to help welcome the two Frenchmen who flew from Paris to the Golden Gate.

Ed Bunker and Mr. Fowler have gone to Arizona where they will spend some time at Mr. Fowler's cattle ranch, 100 miles east of Phoenix.

My Loss! Your Gain!

Maybe you want to make money—and if you do? GET THIS! "I was not the proper person to conduct a Beer and Wine Business." So! my Beer

and Wine License was revoked by the board of Riverside. (You can get a license, but I can't.)

SO WHAT!—Well, here's a "Natural" for any Bargain Hunter. My "Forced Sale" price is reduced to \$6500. Reduced from \$11,500 to \$6,500. Terms or \$5,500 all cash. (It would actually cost \$11,500 to duplicate.)

It's a double corner lot and large first class, modern cafe, fully equipped. (Two big over-size Frigidaires). Also nine large furnished cabins (always rented) on one of the biggest (104x160) and best located corners in Cathedral City (the fast growing and only suburb), just five miles south of Palm Springs. (150 homes built here in last few years and many planned.)

This is a real MONEY MAKER on the future "Best Corner in Town" and will now clear over \$600 each and every month (above all expenses) through the winter season and over \$200 each month all through the summer—which totals \$4800 clear per year, or nearly 100% on the price of \$5500. There's no competition here and you can't help but make this large income.

Just realize! Nearly 100% clear profit every year, while your corner doubles or triples in value as the now well started city continues to grow.

You can't beat this anywhere—much less here where prices are still low in this incomparable health district of the whole U. S. A. BUY NOW—HISTORY REPEATS!

HIGH SCHOOL BUS PROBLEM PARTLY SOLVED

Bus Drivers Roy Bosley and Aubrey Shideler are pleased with the new bus quarters and cottage recently completed by the board of education at Cathedral City. The garage is of corrugated iron and houses the two buses comfortably. The cottage is of the cabin camp type, 14x18 feet, with living room, kitchen, and shower with fireproof composition roof and stuccoed walls. Both early and late buses now run to Cathedral City and thus provide better accommodations for pupils. It is an improved arrangement for bus drivers as well, in that it results in a large saving of time to them. For months, the men have driven one bus to Palm Springs and the other to Cathedral City and back to Palm Springs every evening. The Cathedral City driver then got up in the morning—in Banning, went over and got the Palm Springs driver—also in Banning, drove to Palm Springs, got into their buses, drove one to Cathedral City and the other to south Palm Springs, thence back to Banning. Now, both start and finish at Cathedral City daily. The drivers may now sleep a full night—like pupils and teachers!

Bus troubles are not ended with the construction of garage and cottage in Cathedral City. Oh-hh no-o-o-o! Everybody has gone desert. That is, everybody who can get out of the metropolitan district. At least it seems so. Until this year, school transportation problems began to ease up shortly after Christmas. Every Friday some student moved with his parents back "home." Not so this year. Every Monday, or nearly so, a new enrollee comes into the office. Among the first questions asked him is, "where do you live?" And the answer is "Cathedral City, Palm Springs, Cabazon, Bonnie Bell, Whitewater, Garnet, or Shay's Camp or 'near Shay's Camp!'" Some one of these places. One more bus rider for buses already filled. A big bus attendance is fine but expensive.

There is no right way to run two full buses homeward in the afternoon. If both are started at the same time, athletes, tennis players, dramatic casts, and research students are discriminated against. Athletes cannot be bothered if the buses go off and leave them. They thumb their transportation home. That plan does not work, so one bus is held for an hour or longer. The fellow who cannot get on to the early bus cannot afford to waste his time waiting for the late bus, so he hitch-hikes home. And are the boys good salesmen! They're experts at providing themselves with free transportation. The early bus and a late one as a plan is also wrong. What we need, then, is a third bus—but that runs the hand deep into the pocket of Old John Taxpayer for original outlay, gas, oil, upkeep, insurance, driver, and additional housing. Verily, there is no perfect solution to the bus problem.

29 PALMS WOMAN INJURED IN ACCIDENT

Miss Edith Kirby of 29 Palms was badly injured in an automobile wreck at 29 Palms, Saturday. Miss Kirby was riding with Jimmy Kirby and the car collided with a car driven by Kenneth Christison, also of 29 Palms.

Miss Kirby was the only one of the three persons involved in the accident who was injured. She had terrible cuts about the face, which required plastic surgery. In the San Bernardino hospital, where she is under treatment, it may require months for recovery.

Injury in the main was caused by the windshield breaking during the impact.

GRAZING PERMITS GRANTED FOR LOCAL FORESTS

Some four thousand cattle will be grazed in San Bernardino National forest this year on land adjoining private ranges, permits issued by the federal forest office in San Bernardino show.

The principal grazing areas are at Bear valley, the head of Santa Ana canyon, and in the San Jacinto mountains. Permits were granted as follows: Hitchcock & Martin, 700 head; Gentry & Swarthout, 475; Talmadge Bros., 417; R. F. Garner, 525; H. G. Morse, 180; James Wellman, 100; and Chapman Blackburn, 40.

"Shooting Stars" Will Be Big Attraction on Friday and Saturday

"Shooting Stars," a modern musical revue under the direction of Miss Weller and Miss Thelma Harvison, will be offered for the public's entertainment on Friday and Saturday evenings, March 20 and 21, at 8:15 p. m. in the Banning Union High school auditorium. Tickets are 35 and 25 cents and may be procured from any high school boy or girl.

The scene is Frazier's Five and Ten Store; the plot tells of the trials and joys experienced by the clerks and management on Sale Day. The action takes place on a lovely spring morning, and the characters are comic and romantic.

Some of the features in music are the "Frosting On Your Cake," "Looking at Pictures," "There's Moonlight in Your Dreamy Eyes," "Buy, Buy Bargains," "Lady in Blue," and "Shooting Stars."

Specialty dances feature Wally and Filbert Nutt, comedians, Shirley and Bill, Virginia and Harry, romantic interests, and groups of Dutch dances, Gypsies, Chinese girls, Fraziers Five and Ten Band, Alice Blue Gown Ballet, and chorus dances to the ensembles. The orchestra has been greatly hand-

capped by having to make their own scores as Shooting Stars is so new that the orchestrations are not yet printed.

Much praise is due three mothers, Mrs. Bost, Mrs. Huff and Mrs. Rose, who have spent every day for weeks making the elaborate and unusually colorful and beautiful costumes for the show. Mr. Bosley, who has made several excellent sets for high school productions, is in charge of the stage set. Miss Cromwell, art teacher in the school, is doing the interior decorations and posters. Mrs. Linkletter is dressing and managing the style show in the first act, and all of the students are working hard to make the "Shooting Stars" production a great success.

Some of the featured players are Pat Thornton, Melba Kelso, Mary Lou Clark, John Jensen, George Cariker, Chester Miller, Tom Warren, Phillip Germain, Helen Gilman, Georgene Hicks, Bill Hutchens, Barbara Rose, Douglas Huff and Bob Bevington.

Miss Weller and Miss Harvison are to be complimented for the superior direction and experience given to the students.

"Follow the Fleet" with Astaire and Rogers

FRED ASTAIRE AND GINGER ROGERS

In the parlance of the men who write motion picture ad copy, "Follow the Fleet," the new Astaire-Rogers picture which is showing today (Friday) and Saturday at the Palm Springs Theatre, is a terrific musical bombshell, with a complete score by Irving Berlin. The music master doesn't come to the screen himself, but his genius floods it from front to back to provide rhythm for the miraculous feet of Astaire and Rogers and infectious lyrics for their voices.

The nimble Astaire and his lithe titian-haired partner, have scored three record smashing hits within the short period of a year. They come to the public with quite a new and bewildering display in "Follow the Fleet."

Astaire sings and dances to "We Saw the Sea" and "I'd Rather Lead a Band." With Miss Rogers he sings and dances to "All My Eggs in One Basket" and "Let's Face the Music and Dance." Miss Rogers has a solo song and dance, "Let Yourself Go," which is reprised with Fred as a dance contest.

Randolph Scott, who first crashed the big time with the dancing stars in that musical fantasy of Paris, "Roberta," reaches for new laurels in this show. He neither sings nor dances but delivers red-blooded romantic appeal.

Harriet Hilliard, considered by Hollywood the most important find of the year is also co-starred in the picture. Congressman George Burnham will not be a candidate for reelection. He represents the San Diego-Imperial district.

CHURCHES OF CHRIST, SCIENTIST

Paul's words to the Corinthians, "The fashion of this world passeth away," constitute the Golden Text in the Lesson-Sermon on "Matter" on Sunday in all Christian Science churches, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

A Scriptural selection in the Lesson-Sermon includes these verses from Mark: "And a certain woman, which had an issue of blood twelve years, and had suffered many things of many physicians, and had spent all that she had, and was nothing bettered, but rather grew worse, when she had heard of Jesus, came in the press behind, and touched his garment. For she said, If I may touch but his clothes, I shall be whole. And straightway the fountain of her blood was dried up; and she felt in her body that she was healed of that plague."

One of the passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, states: "Consciousness constructs a better body when faith in matter has been conquered. Correct material belief by spiritual understanding, and Spirit will form you anew."

SAM BLYTHE, FORMER VISITOR HERE, WINS PRIZE FOR BEST TABLE DELICACY

Samuel G. Blythe, political writer for the Saturday Evening Post and a winter resident here a few years ago, was the winner in a recipe contest at Del Monte last Sunday.

Sweetbreads a la Samuel G. Blythe emerged with top honors from a contest engineered by the American Society of Gourmets to determine their choice of dishes submitted by many noted Americans. Here is the winning recipe:

Soak the sweetbreads in salted water one-half hour. Place them in a saucepan and just cover with water, to which a tablespoon of vinegar has been added. Let simmer twenty minutes. Remove and dip immediately in cold water. Season with salt and pepper. Dip sweetbreads in white of an egg and roll in finely-ground black walnut meats. Saute slowly in a covered pan.

Junior Chamber Dinner Dance

The El Mirador dinner dance on Saturday evening was the setting for a dinner given by the Palm Springs Junior Chamber of Commerce. Members and their friends attending were:

Dr. and Mrs. James B. Oliver, Mr. and Mrs. Chuck Morrison, Mr. and Mrs. Francis Crocker, Mr. and Mrs. Al Gardiner, Mr. and Mrs. James Guthrie, Mr. and Mrs. Kenneth Guild, Mr. and Mrs. Harvey Barnes, Misses Kathleen Totter, Helen Hawkins, Robinson, Emma May Herberger, Cora Lindquist, Lorna Wade, Virginia Beatle and Bette Smith.

Also Mrs. Al Pierce, and Messrs. Ted Graesser, Roy Melby, Cal Pierce, Ernest Fors, Bill Hay, Bob Hatch, Herb Samson and Andy Anderson.

THE SEASON OF PLAGUES

A plague of seventeen-year locusts will appear this summer, an entomologist predicts. But what with the buzzing of the political candidates, it is doubtful that it will be noticed.

**HAROLD LLOYD'S CHAMPION
BOWLING TEAM SATURDAY**

Bowling fans will be treated to an exhibition match Saturday evening at the Palm Springs Bowling Academy, by Harold Lloyd's champion major league team, which has been sponsored by the famous screen comedian for the past 15 years. The team recently defeated the Hawaiian team in the American Bowling Contest, with 2992 pins, or within 8 pins of an average of 200 per man for the three games. Local alley records are expected to fall in the exhibition Saturday night.

Harold Lloyd's team consists of E.

Slockovitch, who has an average of 201; O. M. Gregg, 198; H. Hopping, 195; and A. Monteverde, 192.

The Palm Springs team consists of Ludie Britsch, Bill Seaton, Paul Weir, Frank Thomas and Al Wertheimer.

Dr. Boyd Gardner, head of the oral surgery department of Mayo brothers famous clinic at Rochester, New York, is now vacationing in Palm Springs. Dr. and Mrs. Gardner are guests at the charming ranch home of Dr. Frank Chandler near the village.

**VISIT BOULDER DAM
BY AIRPLANE NOW**

Now is the time to visit Boulder Dam by airplane.

The lake is rising rapidly because of the large volume of water emptied into it constantly by the Colorado river, which is now at flood stage.

Palm Springs Airlines makes charter trips to Boulder dam, giving the passengers an opportunity to stop at the lake long enough for a boat ride and a chance to inspect the dam and power houses.

Robert Barber, nephew of Ernest Stauffen, Jr., is employed by the Air Lines to contact the public and arrange charter trips.

The huge Lockheed-Orion is used in the flights to Boulder dam, and Lloyd Downs, efficient pilot, is the pilot on the plane.

**GOOD IMPROVEMENTS ON
INDIO HIGHWAY BEGUN**

The Palm Springs-Indio highway which has been a heavily traveled road during the past several years is soon to undergo an extensive grading, realigning and re-surfacing project. Ten and nine-tenths miles of new road will be included in the \$29,848.90 contract which also calls for the construction of a timber bridge over a large wash.

After a number of the curves have been lengthened out and improved an asphalt surfacing will be put on the new road. Motorists who frequent Palm Springs and take the Palms-to-Pines drive will especially appreciate this improvement.

Moontight Dancing

At El Mirador

Dancing under a desert moon at El Mirador is the diversion each Tuesday evening, when guests gather for supper dancing in the outdoor grill at the edge of the swimming pool.

A group at one table last Tuesday included Mr. and Mrs. George C. Thomas, III, Mrs. George C. Thomas, Jr., Robert Foehl and Anthony Burke; at another table were Mr. and Mrs. Henry King, who were celebrating their 22nd wedding anniversary, Mr. and Mrs. Melvin C. Eaton, Mrs. Carl Leigh, Mrs. LeRoy Newbert, Mrs. Milton Brenn, Mr. and Mrs. Edwin S. Ford, Mr. and Mrs. Townsend Netcher, and Travis Rogers;

Another group included Mr. and Mrs. Eugene F. Hord of Armonk, N. Y.; Mr. and Mrs. James L. Nugent of Evansville, Ind.; and Mr. and Mrs. E. K. Bishop of Aberdeen, Wash.; while other parties included Mrs. Dovie Golden Colley, Charles K. King, Mr. and Mrs. William C. Baird of Buffalo, and their son and daughter-in-law, Mr. and Mrs. Frank B. Baird; Miss Muriel Harmon, M. F. Ross of New Brunswick, Miss Alice Marble, Miss Eleanor Tennant, and Donald Stralem.

Mrs. Mollie McAdoo

Entertains

Mrs. Mollie McAdoo was hostess to a group of friends at a charming cocktail party held at her home "The Willows."

Among the guests were Mr. and Mrs. Ben Hatch of Toledo, Ohio; Mr. and Mrs. Jack McFarland of Pasadena; Mrs. George Hugh Banning, Mr. and Mrs. Van Dyke of Los Angeles; and Mr. and Mrs. Boeschstein.

Also Mr. and Mrs. Ted Fulford of Palm Springs; Elwood Henry, Mr. and Mrs. Harvey Barnes, Mrs. Grace Lewis Miller, St. Louis; Mrs. Grace Tibbett of Los Angeles; Miss Grace Williamson, Hollywood; Cal Pearce, Harry Waggoner, Mr. and Mrs. Deen Sollenberg of Cleveland, Ohio; John J. Raskob, New York City, and many others.

**CATHEDRAL CITY TO HAVE
ITS OWN FIRE DEPARTMENT**

Cathedral City proposes to have its own fire department, along the lines of the department serving Palm Springs before the Fire Protection district was organized here.

A meeting was held recently to discuss the matter. Claude Cobb, proprietor of Cobb's grocery, was elected chief, and W. R. Hillery, secretary.

In order to bring out a crowd for the first meeting, the usual fire signal of three shots was fired and a large crowd responded. Earl Saucer, whose 139 club was recently threatened by fire, has offered to purchase equipment no longer used by Los Angeles fire departments, the fund to be augmented by other Cathedral City residents.

A volunteer department will be organized, who will participate in regular fire drills in order to be ready whenever a fire occurs. The water supply is ample to combat any blaze in that community, it is said.

in the Dark**

WHEN you don't feel "quite yourself" and start experimenting with this and that medicine, you are groping in the dark.

How much better to see your doctor, let him get at the real cause without further dangerous delay. A visit to him now may save nine visits later, and bring you the peace of mind of knowing that you are playing safe.

You are playing safe, too, when you bring your doctor's prescription to us. We use only the finest, freshest drugs, and double check each prescription. A registered pharmacist is always in charge.

engaged so as to accommodate the expected crowd. Provision was made to take care of over 60,000 people; loud speakers were hooked up outside so that the overflow crowd could hear, yet only 2000 people came to hear the revolving-pension advocate.

Mr. Eaton is a very sincere man with a pleasing personality. He says he is not a politician, but a business man vitally interested in the welfare of his country. He is vice-president of the Norwich Pharmaceutical company, manufacturers of Unguentine and other products, and his home is in Norwich, New York. He first served as a member of his county Republican committee, then became chairman; was elected to the state committee; became chairman of that two years ago and has served in that capacity ever since. He extended an invitation to any of the Banning Kiwanians to call on him if ever they are in New York.

Frank L. Miller, chairman of the Republican county central committee of this county, presided at the meeting. Mr. Miller stated that although the Kiwanis Club is non-partisan, it is ready to hear leaders of all parties discuss the issues. "The sooner this country gets back to party government the better it will be for all of us," he said. "We should have two strong parties, and then let the people decide which they want to follow."

**WORKMAN HURT IN CAVE-IN
IN CAVE-INS HERE**

E. E. Capps, workman on the basement excavation for the new garage to be built on the Carnell project, was injured last week-end in a cave-in of loose sand and rocks which completely covered him. He was dug out almost immediately, however, by fellow workmen. He suffered only minor injuries. He was treated at the office of Oliver and Hill, doctors.

Miss Elaine Miller entertained as her week-end house guest at her home on Palm Canyon Drive, Ralph R. Swain of San Diego.

**Barn Dance Attracts
Noted People**

Thursday finds social registerites wending their way to the El Mirador barn dance at Rogers' Stables. Cowboy music and singing add to the evening's entertainment along with Virginia reels, Paul Jones, and square dances called by the genial master of ceremonies, Travis Rogers.

Last Thursday there were over two hundred enjoying the barn dance, among whom were Mr. and Mrs. Harold Lloyd, Mr. and Mrs. John Raskob, Jr., John Raskob, Sr., Mr. and Mrs. Freeman Gosden, Mr. and Mrs. Chas. J. Correll; Mr. Gosden is Amos and Mr. Correll Andy, of radio fame; Mr. and Mrs. Melvin C. Eaton, Mr. and Mrs. Matthew J. Carney, Mr. and Mrs. E. K. Bishop, C. C. Cooper, Mr. and Mrs. L. M. Flesh, who have just returned from a tour of Mexico; Mr. and Mrs. Eugene F. Hord, Mrs. Carl G. Leigh, Mrs. Ethel V. Mars, and Townsend Netcher.
